Aim of this code of conduct

L'École de Battersea expects all pupils to receive high-quality teaching and learning in a positive and respectful environment.

Employees at the school should ensure that their own behaviour, and the manner in which they conduct themselves with colleagues, pupils, parents and other stakeholders, sets a positive and professional example for pupils.

We recognise that the majority of staff members act appropriately and treat each other with dignity and respect; however, we consider it important to clarify the expected standards.

This policy forms part of a staff member's contract of employment and failure to comply with it, along with the associated school policies, may result in disciplinary action being taken, including legal action where this is warranted.

This document applies to staff members who are:

- Employed by the school, including the Senior leadership team and volunteers.
- Peripatetic staff members.
- School catering staff.
- Employees of external contractors.

These employees are governed by their employment contracts and any relevant laws pertaining to their activities within the school, for example, the UK GDPR and the Data Protection Act 2018.

1. Safeguarding pupils

In accordance with 'Keeping children safe in education 2023' (KCSiE), staff members have a responsibility to safeguard pupils, and protect and promote their welfare.

Staff members have a responsibility to ensure that they provide a learning environment in which pupils feel safe, secure and respected.

To effectively safeguard pupils, staff members are required to follow the procedures outlined in this Staff Code of Conduct, the Behaviour Policy and the Safeguarding Policy, ensuring that they do not act in a way that may put pupils at risk of harm, or lead others to question their actions.

In accordance with the school's Behaviour Policy and Safeguarding Policy, staff members will be prepared to identify pupils who may be subject to, or at risk of, various types of abuse and neglect, including, but not limited to, the following:

- Physical abuse
- Emotional abuse
- Sexual abuse
- Neglect
- Child-on-Child abuse
- Serious violence
- FGM
- Child sexual exploitation (CSE)
- Child criminal exploitation (CCE)
- Bullying; this includes cyberbullying, and prejudice-based and discriminatory bullying

Copies of policies and a copy of Part one (or, where appropriate Annex A for staff members not working directly with children) of KCSiE will be provided to staff at induction. Staff will have a clear understanding of the school's policies and procedures with regards to safeguarding issues, e.g. abuse, and the important role they play in preventing harm against pupils.

In accordance with the school's Safeguarding Policy, staff will also be aware of the factors that could increase a pupil's risk of being subject to safeguarding issues, including but not limited to:

- Pupils who need a social worker (Child in Need and Child Protection Plans).
- Pupils requiring mental health support.
- LAC and previously LAC
- Pupils with SEND.
- Identify as or are perceived to be LBGTQ+

- Pupils with mental health needs.
- Pupils who have a family member in prison, or who are affected by parental offending.
- Pupils that are frequently absent or permanently excluded from school.

If a staff member identifies a pupil who is subject to, or at risk of, abuse and neglect, they will follow the necessary reporting and referral procedures outlined in the Safeguarding Policy. Staff will be aware of the procedures to follow if a pupil tells them they are experiencing abuse, exploitation or neglect.

In all cases, if a staff member feels unsure as to whether an incident or pupil would be classed as a safeguarding concern, they will speak directly to the DSL. Staff will not assume a colleague will take action and share information that might be critical in keeping children safe.

Staff will understand that even if there are no reports of child on child abuse in the school, this does not mean it is not happening. Staff will report any concerns regarding any form of abuse to the DSL without undue delay. Staff will understand the importance of challenging inappropriate behaviours between peers that are abusive in nature.

Reporting, sharing and recording concerns or incidents will be done using the CPOMS software provided by the school. Staff member will be trained on how to use CPOMS.

Any staff member that has concerns about another staff member's (including volunteers and supply staff) actions or intent, or believes these actions may lead to a pupil being put at risk of harm, will report this in line with the whistleblowing procedures of the school so appropriate action can be taken.

Upskirting is not tolerated by the school and any incidents of upskirting must be reported to the DSL who will decide on the next steps to take, which may include involving the police.

If a staff member feels unable to raise an issue with the school, they will use other whistleblowing channels, including contacting the NSPCC's helpline on 0800 028 0285 (between the hours of 8:00am and 8:00pm Monday to Friday) or email address help@nspcc.org.uk. Staff members can also access guidance at www.gov.uk/whistleblowing. Fear about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare of pupils.

If the concern is regarding the principal, staff will report this to the governors.

Staff will partake in the appropriate safeguarding and child protection training, which will include online safety; additionally, staff will receive regular safeguarding and child protection updates at least annually.

Staff will recognise that, when teaching pupils about safeguarding and online safety, a one-size-fits-all approach may not be appropriate for every pupil, and a more personalised or contextualised approach may be needed for pupils who are vulnerable, victims of abuse and/or have SEND.

Staff will be aware of their local early help process and understand their role in it. Staff will also be aware of the process for making referrals to children's social care service (CSCS) and

for statutory assessments under the Children Act 1989, along with the role they may be expected to play in such assessments.

Staff will reassure victims that they are being taken seriously and that they will be supported and kept safe by the school. Staff will never give the impression that pupils are creating a problem by reporting abuse, sexual violence or sexual harassment, nor should a pupil ever be made to feel ashamed for reporting an incident.

Staff will be aware that confidentiality must never be promised to a pupil – staff will understand the procedure for if a pupil discloses a potential safeguarding issue, in accordance with the school's Safeguarding Policy.

Staff will be aware of the school's legal duty to refer anyone who has harmed, or poses a risk of harm to, a child or vulnerable adult to the DBS.

2. Appearance and dress

The school expects that staff members will:

- Ensure that their appearance is clean and neat when at work or representing the school.
- Dress in a manner that is appropriate to their role – the school will make reasonable adjustments to uniform expectations to suit disabilities and medical conditions.
- Remember that they are role models for pupils and their appearance should reflect this.
- Not dress in a way that would cause embarrassment to pupils, parents, colleagues or other stakeholders.
- Cover any large tattoos or body art as far as possible whilst in school; small earrings are acceptable, but all other body piercings must be removed.

3. Attendance

The school expects that staff members will:

- Attend work in accordance with their contract of employment and associated terms and conditions in relation to hours, days of work and holidays.
- Make routine medical and dental appointments outside of their working hours or during holidays where possible.
- Refer to the Absence Management Protocol if they need time off for any reason other than personal illness.
- Follow the school's absence reporting procedure when they are absent from work due to illness or injury.

4. Professional behaviour and conduct

Staff members are expected to treat other colleagues, pupils, parents, and external contacts with dignity and respect.

The use of foul and abusive language will not be tolerated. Discrimination, bullying, harassment or intimidation, including physical, sexual and verbal abuse, will not be tolerated.

Staff members will not misuse or misrepresent their position, qualifications or experience, or bring the school into disrepute.

Staff members will inform the principal if they are subject to a criminal conviction, caution, ban, police enquiry, investigation or pending prosecution.

Staff will be aware that professional behaviour and conduct is expected to be extended to extra-curricular trips and visits. Staff attending a trip or visit will act in accordance with this Code of conduct.

Staff will act appropriately in terms of the views they express (in particular political views) and the use of school resources at all times and will not use school resources for personal purposes.

5. Conduct outside of work

With permission of the principal, staff may undertake work outside school, either paid or voluntary, provided that it does not conflict with the interests of the school. The nature of the work cannot be seen to bring the school into disrepute, nor be at a level which may contravene the working time regulations or affect an individual's work performance.

Staff will not engage in outside work which could seriously damage the reputation and standing of the school, the employee's own reputation, or the reputation of other members of the school community. In particular, criminal offences that involve violence, possession or use of illegal drugs, or sexual misconduct are unacceptable.

Staff will not engage in inappropriate use of social network sites which may bring themselves, the school, school community or employer into disrepute. This is explored further in the [Acceptable use of technology](#) section of this policy.

6. Smoking/vaping , alcohol and other substances

Staff will not smoke/vape on or near the school premises and whenever in the sight of pupils, parents or visitors.

Staff will not smoke/vape whilst working with or supervising pupils off-site, such as when on educational visits and trips.

The taking of illegal drugs or alcohol during working hours is unacceptable and will not be tolerated. Staff members must never attend work under the influence of alcohol or illegal drugs.

If alcohol or drug usage impacts on a staff member's performance, the school has the right to discuss the matter with the employee and take appropriate action in accordance with the school's disciplinary procedures, including referral to the police.

7. Health and safety

Staff members will:

- Be familiar with, and adhere to, the school's Health and Safety Policy and ensure that they take every action to keep themselves and everyone in the school environment safe and well.
- Comply with health and safety regulations and use any safety equipment and protective clothing which is supplied to them.
- Comply with hygiene requirements.
- Comply with accident reporting requirements.

8. First Aid and medication

The School has a separate First Aid and medication Policy on supporting pupils with a medical condition. The school have an adequate number of qualified first aiders/appointed persons. Staff is expected to do all they can secure to welfare of the pupils.

The school allows staff to administer basic medication (Calpol, eardrops, ...) to pupils if parents have signed the consent form/emailed through permission, which should be done for each occasion where this might be necessary. If an adult is concerned or uncertain about the amount or type of medication being given to a pupil this should be discussed with the Designated Safeguarding Lead.

The school also allows staff to perform basic first aid tasks like cleaning wounds, plasters, ice packs etc.

In more serious cases (broken bones, epipens etc...), or to support pupils with medical conditions, staff should refer to the qualified first aiders

Adults taking medication that may affect their ability to care for children should seek medical advice regarding their suitability to do so and should not work with pupils whilst taking medication unless medical advice confirms that they are able to do so.

Adult medication on the premises must be securely stored out of the reach of children and adults with chronic conditions will need to provide the school with a protocol outlining their treatment plan.

9. Declaration of interests

Staff members are required to declare their interests, both personal and financial, where the group or organisation they are affiliated with could be considered to be in conflict with the ethos of the school.

For the purposes of this policy, a financial conflict of interest is one where there is, or appears to be, opportunity for personal financial gain, financial gain for close relatives or friends, or

where it may be reasonable for a third party to take the view that financial benefits may affect an individual's actions.

The term 'financial interest' means anything of monetary value, including the following:

- Payments for services
- Equity interests
- Intellectual property rights
- Hospitality or gifts

Examples of financial interests that must be declared include, but are not limited to, equity interests in services considered for use by the school.

Non-financial conflicts of interest can also come into conflict, or be perceived to come into conflict, with an individual's obligations or commitments to the school. These interests may include any benefit or advantage including, but not limited to, direct or indirect enhancement of an individual's career or gain for immediate family or someone with whom the individual has a close relationship.

Examples of situations that could give rise to non-financial conflicts of interest include the following:

- Pressure or temptation to accept gifts, inducements or hospitality
- Participating in the appointment, hiring, promotion, supervision or evaluation of a person with whom the individual has a close personal relationship
- Where a member of staff has or develops a close personal relationship with a colleague

Staff members will also carefully consider whether they need to declare their relationship with any individual where this might cause a conflict with school activities.

Failure to make a relevant declaration of interests is a serious breach of trust and, therefore, if employees are in doubt about a declaration, they are advised to contact the school.

10. Relationships with pupils

The school expects that staff will:

- Maintain professional boundaries and relationships with pupils at all times, and will consider whether their actions are warranted, proportionate, safe and necessary.
- Act in an open and transparent way that would not lead to others questioning their actions.
- Ensure that they do not establish social contact with pupils for the purpose of securing a friendship, or to pursue or strengthen a relationship.
- Ensure that they do not abuse their position as an adult in authority to create a situation of power over a child in their care

- Ensure that they do not develop personal or sexual relationships with pupils: this includes sexual remarks and discussing their own sexual relationships with, or in the presence of, pupils.
- Only contact pupils via the school's established mechanisms: personal phone numbers, email addresses or social media platforms will not be used to contact pupils and parents.

Under the Sexual Offences Act 2003, it is an offence for a person aged 18 or over to have a sexual relationship with a child under 18 where that person is in a position of trust in respect to that child, even if the relationship is consensual.

11. Behaviour management and physical contact with pupils

All pupils have a right to be treated with respect and dignity. Adults must not use any form of degrading treatment to punish a pupil. The use of sarcasm, demeaning or insensitive comments towards pupils is not acceptable in any situation. Deliberately intimidating pupils by shouting aggressively or overbearing physical presence is not acceptable in any situation.

Staff is expected to follow the school's Behaviour policy in term of behaviour management and procedures.

The school understands that there are circumstances in which it is entirely necessary for staff to have physical contact with pupils, e.g. when applying first aid and assisting with intimate care, but staff will only do so in a professional and appropriate manner in line with relevant school policies.

When physical contact is made with pupils, it is imperative that it is conducted in a way which is responsive to the pupil's needs, is of limited duration and is appropriate to their age, stage of development, gender, ethnicity and background.

Staff will seek the pupil's permission, where possible, before initiating contact. Staff will always use their professional judgement when determining what physical contact is appropriate, as this may differ between pupils. As such, the pupil's feelings and wishes will always be taken into account. Staff will never touch a pupil in a way which is indecent and will always be prepared to explain their actions. Staff will be aware that even well-intentioned physical contact may be misconstrued by a pupil, an observer or by anyone to whom this action is described and, therefore, will be prepared to justify their actions.

Staff will not engage in rough play, tickling or play fights with pupils.

Extra caution will be taken where it is known that a pupil has previously suffered from abuse or neglect.

Physical contact will never be secretive; if a member of staff believes an action could be misinterpreted, this will be reported to the principal, or governors if the concern is about the principal, and appropriate procedures will be followed.

Where it is necessary in PE classes for teachers to demonstrate use of equipment, this will be conducted with another member of staff if possible. If a pupil is required to participate, their consent will be given before doing so.

If a child is in distress and in need of comfort as reassurance, staff may use age-appropriate physical contact, such as placing their hand on the pupil's shoulder. Staff will remain self-aware of their actions at all times and ensure that their contact is not threatening, intrusive or subject to misinterpretation.

Staff may also use reasonable force as a means of physical contact with pupils for restraint purposes in the interest of protecting the pupil or others.

12. Showering and changing

Pupils are entitled to respect and privacy whilst they are changing, e.g. before and after PE; however, a level of supervision is required to ensure that pupils are safe, and that they are not subjected to bullying.

The supervision will be appropriate to the needs and ages of the pupils, and sensitive to the potential for embarrassment.

Where possible, female staff will supervise girls and male staff will supervise boys.

Staff will announce their intention of entering the changing room to allow pupils to maintain their privacy and will only remain in the changing room for as long as is necessary.

Staff will never change or shower in the same area as pupils.

13. Transporting pupils

Transport arrangements should be made in advance by the school outing coordinator who will be responsible for planning and overseeing all transport arrangements and respond to any concerns that may arise.

Adults should ensure that their behaviour is safe and that the transport arrangements and the vehicle meet all legal requirements. In a private bus, it is a legal requirement that all passengers wear seatbelts and the adults should ensure that they do so.

It is inappropriate for Adults to offer lifts to a pupil, unless the need has been agreed with a manager and, if this falls outside their normal working duties, has been agreed with parents/carers.

There may be occasions where a pupil requires transport in an emergency situation or where not to give a lift may place a pupil at risk. Such circumstances must always be recorded and reported to a SLT member and parents/carers.

14. Financial inducements

Staff members will:

- Declare to the SLT, in writing, any gifts received, with the exception of:
 - Low cost, functional items suitable for business rather than personal use and displaying the supplier's logo – these items may be accepted.
 - Non-excessive gifts offered by parents or pupils to school staff to express their gratitude.
 - Authorised visits to exhibitions, demonstrations, conferences, business meals and social functions in connection with the school's business, which shall be at the school's expense.
- Social invitations in the form of meals and drinks from pupils, parents should be declared
- Not accept a personal gift, payment, or other incentive from a business contact – any such gifts should be returned.
- Not accept a personal gift / payment if the intent of such a gift is to generate favouritism towards a child
- Declare any gift that cannot be returned to the governing board, who will decide how it will be used.
- Only accept offers to specific events after authorisation from the SLT.

15. Acceptable use of technology, social media

Staff will adhere to the procedures outlined in the school's Online Safety Policy and Technology Acceptable Use Agreement at all times.

Staff will be aware of how the use of technology can impact safeguarding and wellbeing issues, e.g. online abuse. As a result, staff will be vigilant to ensure their behaviour is respectful and that pupils use technology appropriately while under their care.

Staff are required to employ the highest security settings on any personal profiles they may have.

Staff will not engage in inappropriate use of social networking sites, including contacting pupils or their family members, accepting or inviting friend requests from pupils or their family members, or following pupils or their family members on social media.

The school understands that some staff members are also parents of pupils at the school and, therefore, may wish to contact other parents. When doing so, staff will exercise their professional judgement and will not contact family members on social media if this would lead to a conflict of interest.

Staff will remain mindful of their use of social media and their web-based presence including written content, videos or photographs, and views expressed directly or indirectly which may bring themselves, the school or the school community into disrepute.

In line with the school's Mobile Phone Policy, using mobile phones in the presence of pupils whilst on school property will not be tolerated. This will also include parents and all other visitors. However, mobile phones can and should be kept on the person in silent mode for use in an emergency or lock-down exercise.

16. Premises, equipment and communication

School equipment and systems are available only for school-related activities and will not be used for the fulfilment of another job or for personal use, unless specifically authorised by the principal.

Illegal, inappropriate or unacceptable use of school equipment or communication systems may result in disciplinary action and, in serious cases, could lead to an employee's dismissal.

Employees receiving inappropriate communication or material, or who are unsure about whether something they propose to do might breach this policy, should seek advice from the SLT.

The school reserves the right to monitor emails, phone calls, internet activity or document production on school-owned equipment, principally in order to avoid offensive or nuisance material and to protect systems from viruses, but also to ensure proper and effective use of systems.

Communication systems may be accessed when the school suspects that the employee has been misusing systems or facilities, or for the investigation of suspected fraud or other irregularity. Access will be secured by the systems manager, only with the permission of the governing board.

Passwords should not be shared and access to computer systems must be kept confidential except on the express request of the SLT or systems manager. Breaches of this confidentiality may be subject to disciplinary action.

School equipment that is used outside the premises, e.g. laptops, will be returned to the school when the employee leaves employment or if requested to do so by the SLT.

17. Photography and videos

Photographs and videos will only be taken using school equipment – using personal mobile phones for this purpose is prohibited.

Consent for taking photographs will be obtained from parents.

The principal will be notified of the proposed use of the imagery or video and the equipment and ensure that the use of such is included in lesson plans where this is necessary.

All photographs and videos will be available for scrutiny, and staff will be prepared to justify the images or footage taken.

Careful consideration will always be given to the activities which are being filmed or photographed, to ensure that images or videos are not indecent and cannot be misused.

Photos or videos taken should not be shared in any way nor with anybody outside the school's appropriate channels (School Journal, website, communications with parents...)

18. Data protection and confidentiality

Regarding personal and sensitive data, staff members are required, under the UK GDPR and the Data Protection Act 2018, to:

- Consider the legal basis for collecting the data, ensuring that this is documented.
- Ensure that the data is stored on a UK GDPR-compliant server, and that the data is not held for any longer than necessary.
- Securely dispose of the data when the relevant retention period ends.

Staff members will not disclose sensitive information about the school, its employees or the LA to other parties.

The only exception whereby it is acceptable for a staff member to disclose information that would otherwise be considered confidential is when the confidential information gives rise to concerns about the safety or welfare of a pupil.

Staff members have the right to request access to data that is held about them. Such requests will be made to the principal in writing in accordance with the school's Data Protection Policy.

19. Probity of records

The deliberate falsification of documents, such as references, academic qualifications or legal documents, is unacceptable. Where a staff member falsifies records or other documents, including those held electronically, this will be regarded as a serious disciplinary matter and potentially a criminal offence.

20. Contacts

Staff members will not use school business contacts for acquiring materials or services at trade/discount prices for non-school activities, unless participating in concessionary schemes arranged by trade unions or other such groups.

21. Monitoring and review

This document will be reviewed on an **annual** basis by the SLT and any changes made will be communicated to all members of staff.

All members of staff are required to familiarise themselves with this document as part of their induction programme.
